Momentum Grows for Statewide Government Transparency with Over 600 Local Government and School Districts Partnering with OhioCheckbook.com

Press Release - Ohio Treasurer's Office

SARDINIA ‐ Ohio Treasurer Josh Mandel announced today the launch of the Eagle Township, Pleasant Township and Byrd Township online checkbooks on OhioCheckbook.com. In December 2014, Treasurer Mandel launched OhioCheckbook.com, which sets a new national standard for government transparency and for the first time in Ohio history puts all state spending information on the internet. OhioCheckbook.com recently earned Ohio the number one ranking in the country for government transparency.

The Ohio Treasurer's office was joined at today's announcement by Eagle Township Fiscal Officer Donna Young, Eagle Township Trustees Bob Hare and Bon Burn, and Eagle Township Zoning Director Peggy Kaiser. Eagle Township, Pleasant Township and Byrd Township are the first townships in Brown County to post their spending on OhioCheckbook.com.

The following is a breakdown of today's local government sites:

Eagle Township's online checkbook includes over 1,300 individual transactions that represent more than \$850,000 of total spending over the past four years.

Pleasant Township's online checkbook includes over 300 individual transactions that represent more than \$170,000 of total spending over the past two years.

Byrd Township's online checkbook includes over 2,000 individual transactions that represent more than \$990,000 of total spending over the past three years.

"I believe the people of Brown County have a right to know how their tax money is being spent, and I applaud local leaders here for partnering with my office to post the finances on OhioCheckbook.com," said Treasurer Mandel. "By posting local government spending online, we are empowering taxpayers across Ohio to hold public officials accountable."

"We at Eagle Township are excited to partner with the Treasurer of State and OhioCheckbook.com," said Eagle Township Fiscal Officer Donna Young. "We have joined in the effort so the taxpayers in Eagle Township who have questions may easily learn how their dollars are being spent."

"Citizens should be able to access this information online," said Pleasant Township Fiscal Officer Lori Drake. "It is just as simple as that"

On April 7, 2015 Treasurer Mandel sent a letter to 18,062 local government and school officials representing 3,962 local governments throughout the state calling on them to place their checkbook level data on OhioCheckbook.com and extending an invitation to partner with his office at no cost to local governments. These local governments include cities, counties, townships,

OhioCheckbook.com displays more than \$512 billion in spending over the past eight years, including more than 139 million transactions. The website includes cutting-edge features such as:

- “Google-style” contextual search capabilities, to allow users to sort by keyword, department, category or vendor;

- Functionality to compare state spending year-over-year or among agencies; and,
- Capability to share charts or checks with social media networks, and direct contact for agency fiscal offices.

In March 2015, the U.S. Public Interest Research Group (U.S. PIRG) released their annual “Following the Money 2015” report and Treasurer Mandel earned Ohio the number one transparency ranking in the country for providing online access to government spending data. Ohio was prominently featured in the report after climbing from 46th to 1st in spending transparency as a result of Treasurer Mandel’s release of OhioCheckbook.com. Due to the launch of OhioCheckbook.com, Ohio received a perfect score of 100 points this year – the highest score in the history of the U.S. PIRG transparency rankings.

The Treasurer’s office is partnering with OpenGov, a leading Silicon Valley government technology company, to provide residents of Ohio the ability to view and search local government expenditures in a user-friendly, digital format. “Ohio is setting the standard for financial transparency on an unprecedented scale. We are excited to partner with the Treasurer’s office to bring world-class technology to communities large and small across the state,” said Zachary Bookman, CEO of OpenGov.
